

Day _____

Assessing Student Learning

Thematic Unit: _____ **Curriculum Areas:** _____

Lesson Title: _____ **URL of Website:** _____

Four Kinds of Standards

- Concepts and Information (what students should know) Communication (how students can articulate concepts)
 Skills (what students should be able to do) Transfer (how students can apply information and skills)

Learning Standard	Learning Objective (should match the Learning Standard)	Activity Description (how student learning will achieve the learning standard)
Reference Number of Standard:	Type what is objective for student learning:	Type activity description here

Assessment (measures how well student learning achieves the learning standard)

Type assessment tool used to measure student learning:
